a canadian text should reflect canadian realities and show how they fit into the bigger picture the canadian tax system for example differs significantly from that of the united states regarding dividends capital gains capital cost allowance leasing and foreign subsidiary income and its taxation in the parent company we use the relevant canadian tax code to make the examples more realistic to students and to give them exposure to how canadian taxation works there are many institutional and market differences between canada and the united states we have incorporated information on both countries institutions and markets and often include comparisons with other countries

blends coverage of time tested principles and the advancements with the practical perspective of the financial manager

this second edition reflects the constantly changing world of finance including information on the recent financial crisis new behavioural finance research and updated practitioner interviews

using the unifying framework based on the law of one price top researchers jonathan berk and peter demarzo set the new standard for corporate finance textbooks corporate finance blends coverage of time tested principles and the latest advancements with the practical perspective of the financial manager with this ideal melding of the core with modern topics innovation with proven pedagogy berk and demarzo establish the new canon in finance each copy of corporate finance comes with myfinancelab
